**Ganong's Review of Medical Physiology, 23rd Edition © 2009****Barrett, Kim E. / Brooks, Heddwyn / Boitano, Scott / Barman, Susan M.****Description**

**The field's most complete, up-to-date, and engagingly-written text on medical physiology - now in full-color**

For more than four decades, *Ganong's Review of Medical Physiology* has been the leader in helping medical students and clinicians understand the fascinating subject of human and mammalian physiology. Concisely covering every important topic without sacrificing depth or readability, *Ganong's* delivers more clinically-relevant, high-yield information per page than any similar text or review. You'll find more than 600 full-color illustrations and text that strikes the perfect balance between detailed and concise.

Thoroughly updated to reflect the latest research and developments in important areas such as the cellular basis of neurophysiology, *Ganong's Review of Medical Physiology* incorporates examples from clinical medicine throughout the chapters to illustrate important physiologic concepts. Whether you're a student who needs an outstanding review for the USMLE or a physician who wants to keep pace with the ever-changing field of medical physiology, there's no better place to turn than *Ganong's Review of Medical Physiology*.

**Here's why this is the best edition of *Ganong's* ever:**

- NEW full-color illustrations -- the authors have worked with an outstanding team of medical illustrators, photographers, educators, and students to give you an unmatched collection of illustrations and tables
- NEW boxed clinical cases - featuring examples of diseases that illustrate important physiological principles
- NEW end-of-chapter board review questions

## Description

Learn the essential aspects of neuroanatomy and its clinical relevance with the field's most concise, trusted, and effective text

For more than seventy years, *Clinical Neuroanatomy* has delivered a streamlined, comprehensive, and easy-to-remember synopsis of neuroanatomy and its functional and clinical applications. Emphasizing the most important concepts, facts, and structures, this well-illustrated and enjoyable-to-read text reflects the state-of-the-art in pathophysiology and the diagnosis and treatment of neurological disorders.

Features that make *Clinical Neuroanatomy* perfect for board review or as a clinical refresher:

- Discussion of the latest advances in molecular and cellular biology in the context of neuroanatomy
- Clinical correlations to help you interpret and remember essential neuroanatomic concepts in terms of function and clinical application
- Numerous computed tomography (CT) and magnetic resonance images (MRIs) of the normal brain and spinal cord; functional magnetic resonance images that provide a noninvasive window on brain function; and neuroimaging studies that illustrate common pathological entities that affect the nervous system
- An Introduction to Clinical Thinking section that puts neuroanatomy in a unique clinical perspective
- Numerous tables that make the information clear and easy to remember
- A complete practice exam to test your knowledge
- Coverage of the basic structure and function of the brain, spinal cord, and peripheral nerves as well as clinical presentations of disease processes involving specific structures
- **NEW** full-color illustrations

August

ISBN: 9780071556429040

Format: Paperback, 200pp

Edition: 1

Copyright Year: 2009

Imprints: Slacks Incorporated

Price: US\$ 21.95

### Description

They are compassionate voices, they are dedicated professionals, they are critical players in the health care system with worn pairs of shoes that have miles of stories to tell. They are America's nurses.

Heroic Acts in Humble Shoes: America's Nurses Tell Their Stories is more than just a quick glance into the trials, tribulations, joys and rewards of nursing. It is a gateway to understanding what today's nurses are challenged with everyday.

Irene Stemler, RN, BSN, goes beyond the research and gives a voice to the millions of nurses who directly or indirectly make a difference in the lives of patients. Each story opens with a photograph of the nurse's shoes and offers a unique, passionate, personal, and sometimes controversial perspective on nursing in today's health care environment.

Inside you'll find:

- Over 40 interview-style stories
- Each story accompanied by a photo of the featured nurse's shoes
- Stories that reflect the breadth and diversity of today's nursing practice

Heroic Acts in Humble Shoes also looks to be a springboard for spirited discussion about the future of nursing. When nurses read these reflections of the daily battle to provide quality health care to ordinary people, they are encouraged to act, taking a leadership position in transforming their profession and nurses' role in health care delivery as a whole.
